InstallationMasters was given prominent placement in the Intertek booth at the 2015 Remodelers Show that was held in Chicago. Our own Karen Yetter, Project Manager, had the pleasure of attending this event and sharing her professional insight with many of the shows attendees. This annual event gathers remodelers, builders, architects, and designers to discuss the latest building trends and developments. A large variety of building products were showcased and there were many presentations and educational seminars during the 2-day event.
